CHNA 17 Community Forum

What is this meeting about? Last Spring, we interviewed Belmont residents to better understand the successes and challenges African Americans have in getting mental health services in Belmont. We want to share with you what we learned and hear what you think.

What's next? CHNA 17 will use the information to improve mental health services.

What is CHNA 17? A local coalition, Community Health Network Area (CHNA) 17, funded by Mount Auburn Hospital and McLean Hospital, whose mission is to promote healthier people and communities.
